GRONNA BILL IS
EXPLAINED AND
TEXT IS GIVEN

Anti-Saloon League Agent
Shows That No Discrimina-
tion Against Poor
Is Carried

An explanation of the Gronna bill, now pending in Congress, which prohibits the selling of intoxicants in Hawaii, together with the text of the bill, is given in a statement issued Saturday by George W. Paty, local agent of the Anti-Saloon League of Hawaii. Mr. Paty said:

"The original Gronna bill was introduced in the senate April 29, 1912, by Senator Gronna of North Dakota. That the conditions of this bill which may at no distant date become a law in this territory are not understood is evident by the many questions asked me about it.

"Can't I get a drink?"

"Certainly. Order it from California, Germany, France or any other place; but don't order more than you want for your own consumption and those who may be your guests in your own home, for you are not allowed to give it to the general public. Some say this gives a rich man a chance to buy, but not the poor man. If a man can't afford to buy a case of whisky or a barrel of beer from the coast he certainly can't afford to spend his money for drink in the saloon. Don't try to order it for others, for if you do it will be confiscated.

"The agency established by the Gronna bill provides for all the needs of the community in the medical line. "Read this bill carefully and don't believe all you hear about it by its enemies.

"These facts are published not that we expect this law to become effective this month or next but in order that the general public may be properly informed on this subject."

The bill is as follows:

"A bill to prohibit selling of intoxicating beverages in the territory of Hawaii.

"Be it enacted by the senate and house of representatives of the United States of America in Congress assembled:

"That any person, except agents hereinafter specified, who shall manufacture or sell, directly or indirectly, or expose for sale, or advertise as for sale in said territory any spirituous, vinous, malt or fermented liquors, or any intoxicating beverages of any kind whatsoever, or shall knowingly allow such manufacture or sale in shop, hotel, restaurant, drug store, building, or premises which he owns or controls, or shall give away any intoxicating drinks except to bona fide guests of his own private residence, and where such residence shall not be a public resort, shall be punished by a fine not exceeding five hundred dollars and imprisonment for not less than one month nor more than five years, with the forfeiture to the territory of all liquors and barroom fixtures and furniture found on the premises. The governor is hereby directed to enforce the provisions of this section, and it shall be the duty of district attorneys and of all executive officers to prosecute the violations of this act.

"Section 2. That for a second or subsequent conviction the fine and imprisonment shall be double that of the preceding conviction, and in case of a landlord, the third offense in the same building shall be punished in addition to forfeiture of the building to the territory.

"Section 3. That an agency for the sale of alcohol for medicinal purposes shall be established by the governor of the territory in Honolulu and such other towns as he may designate, under such rules as he may make, in charge of agents he shall appoint, who shall give adequate bonds to sell only on prescription of a licensed physician, such prescription to be filled but once, and to keep accurate register of every sale, showing the purchaser and the amount sold, which register shall be open to public inspection.

"Section 4. That all other laws in conflict with the provisions of this act are hereby repealed.

"Section 5. That this act shall take effect three months after its enactment."

LIVELY FIGHT
ON BUILDING
LAW IN HILO

[Special Star-Bulletin Correspondence]
HILO, Jan. 16.—Although consideration of the amendments of the building ordinance took up almost two days of the time of the supervisors at their last meeting, the matter never progressed further than second reading, and action was then deferred until a future session.

The supervisors called a public meeting in order to hear the objections to the ordinance in its present form and a number of them were present to defend or condemn the county act. Among those who were interested in the subject and were present were: Captain Duvel, H. R. Mariner, A. Lindsay, George Day, G. H. Vicars, R. T. Gail, John Robinson, N. C. Welling, John Scott and E. F. Nichols.

Mariner presented a motion which reads as follows:

"I move that District 2 be extended to include one hundred (100) feet on the Puna side of Kink street from Pitman to within one hundred (100) feet of Bridge street; thence in a southeasterly direction and parallel to the center line of Bridge street to a point in the center line of Richardson street extension, thence south to the center of Bridge street."

Day opposed the motion on the grounds that the mauka side of Bridge was a residence section and he did not believe anyone would have to build a corrugated iron home. He declared: "I don't think that the time has come when this part of the city should be required to comply with restrictions imposed in the business section. The building ordinance is alright the way it stands," he concluded.

Mariner contended that in case a house should be destroyed by fire on Bridge street it would be profitable for the owner to construct a business structure, rather than a residence. John Kai corroborated this by stating that he knew some of the residents in that district were contemplating the erection of business houses.

Willifong was one of those who believed that the ordinance was alright in its present form. He said there was no need for a change.

Scott had a number of changes he wanted made. He is interested in the construction of the Spreckels' building and wanted an interpretation as to what constituted a roof. Building Inspector Vannatta holds that a roof is not only the covering but also the rafters and all supporting timbers. Southworth has an opposite view.

Following some discussion a motion was made to make the ordinance read roof covering instead of just roof. Scott said he was certain that if this was not made it would require the expenditure of several thousand more dollars by the Spreckels people and that they might refuse to put up the building as the present intended investment was the limit on which a return could be secured.

After the first Scott motion for amendment had been given consideration by the Supervisors he had still another. He wanted the ordinance changed so wood could be used for porch and awning supports.

This excited the wrath of John Bohnenberg and he demanded of Scott as to how he knew what the extreme limit of the cost of the Spreckels' building would be. Scott answered only that he knew.

PERMANENCE AND
BRIGHTS DISEASE

We have been asked if the recoveries in Bright's Disease made by Fulton's Renal Compound are permanent. Many cases have established permanence.

For instance in the case of R. M. Wood, Editor of the Wine and Spirit Review of San Francisco, Cal.: It was twelve years ago that "the most noted analyst in San Francisco" established the genuineness of the case. The editor's physician told him that medicine would not avail him and advised him to go to Santa Barbara. He dropped from 225 to less than 190 pounds in a short while. On his return he was put on Fulton's Renal Compound and not only made a recovery but the reality and permanence of it may be judged from the fact that he is well at this writing, January, 1913.

If you have Bright's Disease do you not owe it to yourself and family to try Fulton's Renal Compound before giving up.

IF MEALS HIT BACK
AND STOMACH SOURS

"Pape's Diapiesin" ends Indigestion, Gas, Dyspepsia and Stomach Misery in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic trouble of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia or any stomach misery.

MAUI COMMITTEE
PLANNING CIVIC
CONVENTION, 1914

Garden Island Determined to
Make Gathering a Big Suc-
cess—Wailuku Notes

[Special Star-Bulletin Correspondence]
WAILUKU, Maui, Jan. 16.—On Wednesday afternoon of this week the special committee appointed at the last Chamber of Commerce session, met to discuss ways and means for the civic convention to be held on Maui this year. The full committee was present. After being called together by F. F. Baldwin, the members discussed informally the whole affair. It was at last decided to hold the big Maui convention July 4th to 6th inclusive. The full list of officers and committees is as follows:

F. F. Baldwin, chairman; H. B. Penhallow, vice-chairman; H. W. Rice, treasurer; E. R. Bevin, secretary; R. A. Wadsworth, J. J. Walsh and E. R. Bevin were appointed a committee to make general arrangements for the convention, draw up a program and plan for the entertainment of the visitors. Wm. Searby was appointed a committee of one to reserve accommodations. H. B. Penhallow, R. A. Wadsworth and E. R. Bevin were appointed a committee for a "get-together" dinner, which is slated for Feb. 5th. H. W. Rice was allowed to appoint his finance committee to raise the wherewithal for the big affair. Maui is united in her determination to make the 1914 civic convention a big success.

The central Maui ministers met yesterday at the Paha Hawaiian church. Several of those present gave outlines of the chapters in I Corinthians. Rev. A. Craig Eowdsh delivered the first in a series of lectures on the "History of the Early Church." Rev. R. B. Dodge read a paper upon the "Relation of First and Second Corinthians," and spoke particularly of the meaning and divisions of the second book. Lunch was served by the ladies of the church at one of the restaurants.

The Women's Aid Society met on Thursday with Miss L. Merriam at the Alexander House. The meeting was a musical one in charge of Mrs. Carrie Weight, who sang a solo, and Misses Keola and Hoffmann played a piano duet. Afterwards a contest was held, the object of which was to name correctly the selections played on the piano. Refreshments closed the pleasant afternoon's program.

Miss Gertrude Payne, teacher of English literature in the San Jose normal school, paid a visit for a week to Mrs. H. B. Penhallow, who is an old friend of hers. Miss Payne is on her way to the Orient. She expressed herself as thoroughly delighted with Maui and its beautiful scenery.

Rev. J. C. Cannon, classmate in Oberlin of Hon. Selden B. Kingsbury, has been visiting Judge and Mrs. Kingsbury for a few days.

Bishop Libert of Honolulu will arrive on Maui to hold confirmation classes at St. Anthony's church on Feb. 25th.
